

Horizon Europe – European Research Council (ERC) Synergy Grants 2023

Institución / país	Comisión Europea / Horizon Europe / ERC
Dirigido a	Profesores e investigadores (en colaboración con socios europeos y en otros países)
Plazo	8 Nov 2022
Información / postulación	https://erc.europa.eu/funding/synergy-grants https://ec.europa.eu/info/funding-tenders/opportunities/portal/screen/opportunities/topic-details/erc-2023-syg
Descripción general	<p>Summary:</p> <p>Size of the grant: €10 Mio + up to €4 Mio Duration: up to 6 years Team: Composed by 2 to 4 researchers and their research groups.</p> <p>One researcher can be based outside the European Union or the Horizon Europe Associated Countries ◊ ¡Oportunidad para investigadores en Uniandes!</p> <p>ERC Synergy Grants</p> <p>Are you a researcher that wants to address a research problem so ambitious, that can not be dealt with you and your team alone? The Synergy Grants could be for you!</p> <p>Who can apply?</p> <p>A group of two to maximum four Principal Investigators (PIs) – of which one will be designated as the corresponding PI (cPI) – working together and bringing different skills and resources to tackle ambitious research problems. No specific eligibility criteria regarding the academic training are foreseen for ERC Synergy Grants. PIs must present an early achievement track-record or a ten-year track-record, whichever is most appropriate.</p> <p>Proposals will be evaluated on the sole criterion of scientific excellence which, in the case the ERC Synergy Grants, takes on the additional meaning of outstanding intrinsic synergetic effect.</p> <p>Criteria:</p> <p>Applications can be made in any field of research. The ERC's grants operate on a 'bottom-up' basis without predetermined priorities. In the case of the ERC</p>

Synergy Grants, applications must demonstrate that the proposed research cannot be carried out by a single PI working alone.

Location:

Research must be conducted by all PIs in a public or private research organisation (known as a Host Institution, HI). It could be the HI where the applicant already works, or any other HI established in one of the EU Member States or Associated Countries.

One Principal Investigator per Synergy Grant group at any one time can be hosted or engaged by an institution outside of the EU or Associated Countries.

Host Institution:

Applications for an ERC Synergy Grant must be submitted by a minimum of two to a maximum of four Principal Investigators (PI), with one of the PIs acting as corresponding PI (cPI). The cPI will act as a contact point of behalf of the group.

Funding:

Synergy Grants can be up to a maximum of € 10 million for a period of 6 years (pro rata for projects of shorter duration). However an addition € 4 million can be requested in the proposal in total to cover:

- eligible 'start-up' costs for Principal Investigators moving to the EU or an Associated Country from elsewhere as a consequence of receiving an ERC grant and/or
- the purchase of major equipment and/or
- access to large facilities.

An ERC grant can cover up to 100% of the total eligible direct costs of the research plus a contribution of 25% of the total eligible costs towards indirect costs.
